

REMARKS

Claims 1-35 are pending in the application. Claims 7, 13, 14, 21, and 28-35 are objected to but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim 1 has been amended to include the limitations of claim 7. Claim 13 has been amended to include limitations of claim 1. Claim 15 has been amended to include limitations of claim 21 and claim 28 has been amended to include limitations of claim 15. Claim 29 has been amended to include limitations of claims 1 and 6. Claims 30-35 depend either directly or indirectly from claim 29.

In addition, claims 8 and 22 have been amended to independent form and the anomaly has been defined as a parameter going out of bounds within a predetermined interval. This is supported in the specification as filed at page 16, first paragraph. It is believed that none of the art of record teaches or suggests this limitation.

Claims 10 and 25 have also been amended to independent form and the automatic functions have been defined as functions other than retransmitting a notification. This is also supported in the specification as filed at page 16, first paragraph. It is believed that none of the art of record teaches or suggests this limitation.

In light of all of the above, it is submitted that all of the claims are in order for allowance, and prompt allowance is earnestly requested. Should any issues remain outstanding, the Examiner is invited to call the undersigned attorney of record so that the case may proceed expeditiously to allowance.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "David P. Gordon". The signature is fluid and cursive, with the first name "David" and last name "Gordon" clearly distinguishable.
